Welcome to The Aura

The Aura Reset Center is a recovery studio for the modern nervous system. We bring advanced wellness technology and holistic practice together in one beautiful space, where every experience is created with intention.

Every machine in our Jumeirah 1 studio is from Elevé Health. We are Elevé Health's first partner clinic in the UAE. Each unit is installed by Elevé, calibrated to clinical specification and supported for life. Every host is trained by Elevé.

You will not meet a receptionist here. You will meet a host: someone who knows the modalities and walks with you from arrival to the last exhale.

How a visit works

1. **Request a time.** Choose a modality, or a goal, and a preferred time band: Morning 8–11am, Midday 11am–2pm, Afternoon 2–5pm or Evening 5–8pm.
2. **Receive your confirmation.** We confirm by email with a calendar invite. No charge until your visit.
3. **Arrive.** Come 10 minutes early, hydrated. Your host asks what state you arrived in and tailors your protocol.
4. **Breathe.** Every visit begins with our breathing ritual: in for four, out for six.
5. **Reset.** Your session runs with your host close by.
6. **Integrate.** A few quiet minutes, water, and a short conversation about what comes next.

Not sure where to begin? Book **"Not sure yet — build my reset"** and your host will build a 3-step sequence for you. Most first-timers start with the infrared sauna or the red-light bed.

The three pillars

- **Reset** — shift state. Cold, stillness, salt and breath to interrupt stress and return you to calm.
- **Heal** — support recovery. Light, heat, pressure and oxygen to help the body do its quiet repair work.
- **Elevate** — replenish. Clinician-administered nutrient therapy to support hydration and how you function.

Reset

WHOLE-BODY CRYOTHERAPY

Three minutes of dry, electric cold to support inflammation recovery, focus, mood and sleep. A brief, bracing reset that leaves you clear.

Duration	Equipment	Pairs well with	Price
3 min	Elevé E-CRYO PRO electric chamber, to –110 °C, touchscreen guidance, thermal-vision safety monitoring, no nitrogen	Compression Recovery	AED [___]

FLOAT & SENSORY RESET

Weightless in skin-temperature water with 500 kg of Epsom salt, in silence and darkness. Deep rest, support for cortisol balance, and magnesium for the body.

Duration	Equipment	Pairs well with	Price
60 min	Float tank, skin-temperature water, 500 kg Epsom salt	Salt Cabin (before), Guided Breathwork	AED [___]

DRY FLOAT BED

Zero-gravity rest, fully clothed. You lie on a warm membrane over heated water and let the parasympathetic system take over.

Duration	Equipment	Pairs well with	Price
30 min	Elevé dry float bed, warm membrane over heated water	Guided Breathwork, Red-Light Bed	AED [___]

SALT CABIN

Our flagship cabin. Dry salt air (halotherapy), red light, oxygen and aromatherapy in one sealed space, for easier breathing, skin and relaxation.

Duration	Equipment	Pairs well with	Price
30 min	Elevé E-Salt Cabin: halotherapy, red light, oxygen and aromatherapy	Float & Sensory Reset, Guided Breathwork	AED [___]

COLD PLUNGE

Filtered water held at 5 °C. Two to five minutes to build calm under stress and a clean, bright alertness. Always host-guided.

Duration	Equipment	Pairs well with	Price
2–5 min	Elevé · Polar Recovery plunge, filtered water at 5 °C	Infrared Sauna (contrast)	AED [___]

GUIDED BREATHWORK

A guide-led session, one to one or in a small group, to downshift from stress and support sleep and focus.

Duration	Equipment	Pairs well with	Price
45 min	Guide-led, 1:1 or small group	Salt Cabin (before), Dry Float Bed	AED [___]

Heal

RED-LIGHT BED

Full-body red and near-infrared light for skin and collagen, recovery, and mood and circadian rhythm. Warm, quiet and easy for a first visit.

Duration	Equipment	Pairs well with	Price
20 min	Elevé full-body light bed, 660 / 850 nm red and near-infrared	Infrared Sauna, Salt Cabin	AED [___]

INFRARED SAUNA

A deep, gentle sweat in full-spectrum infrared, for cardiovascular conditioning and release of muscle tension. A favourite first session.

Duration	Equipment	Pairs well with	Price
40 min	Elevé full-spectrum infrared sauna room, 45–60 °C	Cold Plunge (contrast), Compression Recovery	AED [___]

HYPERBARIC OXYGEN

Rest in a pressurised chamber to support tissue repair, clarity after travel or burnout, and immune resilience. Subject to DHA requirements; a short health screen is required before your first session.

Duration	Equipment	Pairs well with	Price
60 min	Elevé hyperbaric chamber, 1.3–2.0 ATA	Red-Light Bed, IV Nutrient Therapy	AED [___]

COMPRESSION RECOVERY

Sequential pneumatic compression across seven zones to ease soreness and support circulation and lymphatic drainage.

Duration	Equipment	Pairs well with	Price
30 min	Elevé sequential pneumatic compression boots, 7 zones	Infrared Sauna, Whole-Body Cryotherapy	AED [___]

Elevate

IV NUTRIENT THERAPY

Hydration, vitamins and minerals, administered by licensed clinical staff. Formulas for energy, immunity, skin and glow, recovery, and post-flight. A clinician consultation comes first. Subject to DHA requirements [DHA licence / approval reference].

Duration	Equipment	Pairs well with	Price
45–60 min	Clinician-administered; formulas: energy, immunity, skin/glow, recovery, post-flight	Hyperbaric Oxygen, Compression Recovery	AED [___] per formula

IV nutrient therapy is priced separately and is not included in memberships. Members receive a standing discount.

Find your reset

Choose a goal and we will guide you through three steps in sequence. Times are session time only; allow a little longer for arrival, the breathing ritual and changing. Your host may adjust any sequence to the state you arrive in.

Goal	Step 1	Step 2	Step 3	Session time	Price
Sleep deeper	Guided Breathwork (45 min)	Infrared Sauna (40 min)	Dry Float Bed (30 min)	approx. 115 min	AED [___]
Calm the stress	Salt Cabin (30 min)	Float & Sensory Reset (60 min)	Guided Breathwork (45 min)	approx. 135 min	AED [___]
Recover faster	Infrared Sauna (40 min)	Cold Plunge (2–5 min)	Compression Recovery (30 min)	approx. 75 min	AED [___]
More energy	Whole-Body Cryotherapy (3 min)	Red-Light Bed (20 min)	IV Nutrient Therapy, energy formula (45–60 min)	approx. 70–85 min	AED [___]
Skin & glow	Salt Cabin (30 min)	Red-Light Bed (20 min)	IV Nutrient Therapy, skin/glow formula (45–60 min)	approx. 95–110 min	AED [___]
Sharper focus	Guided Breathwork (45 min)	Whole-Body Cryotherapy (3 min)	Red-Light Bed (20 min)	approx. 70 min	AED [___]
Beat jet lag	Hyperbaric Oxygen (60 min)	Compression Recovery (30 min)	Red-Light Bed (20 min)	approx. 110 min	AED [___]

> Sequences that include IV Nutrient Therapy or Hyperbaric Oxygen require a clinician screen first and are subject to DHA requirements. A post-flight IV formula may be added to "Beat jet lag" at AED [___].

Good to know

- **Arrive 10 minutes early, hydrated.** A late start shortens your session; it cannot be extended.
- **Bring nothing.** Robes, towels, slippers and everything each modality needs are provided.
- **Skin.** Please avoid heavy make-up and lotions before light and cold sessions.
- **Shower first.** A shower is required before the float tank and the cold plunge.
- **Health screen.** Some modalities need a short health questionnaire before your first session. Please tell your host about pregnancy, heart conditions, recent surgery or anything you are unsure of.
- **Wellness, not medicine.** Our modalities are wellness services designed to support how you feel and function. They are not a substitute for medical care. IV therapy is administered by licensed clinicians, and we will always flag anything that warrants a conversation with your doctor.
- **Minimum age.** 18 [proposed]. Under-18s may use a limited set of modalities with guardian consent.
- **Booking and cancellation.** See our Booking, Arrival, Cancellation & No-Show Policy (AUR-CLI-02).
