This handbook is your welcome to The Aura Reset Center. It explains who we are, how we work and where to find the full policies. Where this summary and a full policy differ, the full policy and your MOHRE employment contract apply.

A welcome from our Founder & CEO

Dear new team member,

My own wellness journey began in 2014, with energy healing and a deep curiosity about the connection between body, mind and nervous system. Over the years it grew into biohacking, frequency-based wellness, fascia work and advanced technology. The Aura is where all of it comes together: advanced wellness technology and holistic practice in one beautiful space, where every experience is created with intention.

When I came to Dubai, something immediately felt different. I felt at home. Our flagship in Jumeirah 1 is the result of that feeling, and you are now part of it.

You are not joining a reception desk or a machine room. You are joining a team of Hosts who meet every guest as a whole person. My hope is that everyone who walks through our doors feels cared for, supported and inspired to become the best version of themselves. That begins with how we care for each other.

Welcome. Take a breath with us: in for four, out for six.

With warmth,

Eutemia Stockman

Founder & Chief Executive Officer

Our story

The Aura began in Santa Ana, California, where our first studio opens by appointment. Dubai is our flagship, at 332 Jumeirah First, Jumeirah Beach Road, Jumeirah 1, opening in November 2026 with an official launch event. Our first 100 founding members will be welcomed first.

We are a recovery studio for the modern nervous system. Our tagline is "Nervous System Regulation" and our pillars are **Reset · Heal · Elevate**. We offer 11 modalities:

Reset	Heal	Elevate
Whole-Body Cryotherapy (3 min)	Red-Light Bed (20 min)	IV Nutrient Therapy (45–60 min, clinician-administered)
Float & Sensory Reset (60 min)	Infrared Sauna (40 min)	
Dry Float Bed (30 min)	Hyperbaric Oxygen (60 min)	
Salt Cabin (30 min)	Compression Recovery (30 min)	
Cold Plunge (2–5 min)		
Guided Breathwork (45 min)		

Our modalities are wellness services designed to support how guests feel and function. They are not a substitute for medical care. IV therapy is administered by licensed clinicians, subject to DHA requirements, and we always flag anything that warrants a conversation with a guest's doctor.

Our values in practice

We have four things we will not compromise on.

Value	What it looks like on shift
The nervous system first	Every visit starts by asking what state the guest arrived in. You slow down before you speed up. You notice your own state, too.
Clinical hardware only	We use Elevé Health equipment only, installed and serviced by their technicians. You never adjust, bypass or repair a unit yourself; you report faults immediately.
A host, not a receptionist	Someone who knows the modalities walks with each guest from arrival to the last exhale. You stay present, explain clearly and never rush a guest out.
Whole person, always	Body, mind, nervous system and spirit. You treat guests and colleagues with dignity, respect privacy and use wellness language, never medical claims.

The Host promise

Every Host commits to five things with every guest:

1. **Meet them.** A warm welcome by name, and a moment to ask how they arrived today.
2. **Breathe with them.** Every visit begins with our ritual: in for four, out for six.
3. **Tailor it.** Build the session around their goal: sleep deeper, calm the stress, recover faster, more energy, skin and glow, sharper focus or beat jet lag.
4. **Keep them safe.** Screening complete, protocol followed, time limits respected, never alone in the cold plunge.
5. **Close gently.** Check how they feel, offer water, and suggest the next step without pressure.

The Elevé partnership

Every machine in our studio is Elevé Health, and The Aura is Elevé Health's first partner clinic in the UAE. The Elevé standard rests on four commitments:

1. **Installed by Elevé.**
2. **Calibrated to clinical spec.**
3. **Hosts trained by Elevé.** You will complete Elevé device training for each modality before operating it unsupervised.
4. **Supported for life.** Elevé provides ongoing technical support, servicing on their clinical schedule and protocol updates.

Elevé's own Longevity Lounge is in Newport Beach. When their technicians visit, treat them as partners: give them access, log the visit and share any issues you have noticed.

Acknowledgement

I confirm that I have received and read the Employee handbook (AUR-HR-04) of The Aura Reset Center and the policies listed in the summary table. I understand that I must follow them, that they may be updated from time to time, and that it is my responsibility to ask if anything is unclear. I understand that this handbook does not replace my MOHRE employment contract.
