Website FAQ (Expanded)

Document No. AUR-MKT-03 · Version 0.1 (Draft) · Owner: General Manager · Effective: [Date]

> Editorial note: the answers marked "Existing" reflect what is already on the website and should keep their stance. New answers are drafts for review by the General Manager and, for clinical topics, the Clinical Lead. Medical answers must stay in wellness language and must not make treatment claims.

Getting started

I HAVE NEVER DONE ANY OF THIS. WHERE DO I START? (EXISTING)

Most first-timers start with the infrared sauna or the red-light bed. If you are not sure, choose "Not sure yet — build my reset" when you book. Your Host will ask how you are arriving and build a simple three-step sequence for you.

HOW DOES BOOKING WORK? (EXISTING)

Request a time with the modality and the time band you prefer. We confirm by email with a calendar invite. Then you arrive, and your Host tailors the protocol. There is no charge until your visit.

WHAT SHOULD I BRING? (EXISTING)

Just yourself, hydrated. We provide robes, towels, slippers and everything each modality needs. Arrive 10 minutes early. Please avoid heavy make-up or lotions before light and cold sessions.

IS THIS MEDICAL TREATMENT? (EXISTING)

Our modalities are wellness services designed to support how you feel and function. They are not a substitute for medical care. IV therapy is administered by licensed clinicians, and we will always flag anything that warrants a conversation with your doctor.

WHAT HAPPENS AT THE START OF EVERY VISIT? (EXISTING)

Every visit begins with a short breathing ritual with your Host: in for four, out for six. It helps your nervous system arrive before anything else begins.

WHO IS MY HOST?

A Host is not a receptionist. Hosts are trained by Elevé Health on every unit and know each modality. Your Host walks with you from arrival to the last exhale.

At the studio

WHERE ARE YOU, AND IS THERE PARKING?

332 Jumeirah First, Jumeirah Beach Road, Jumeirah 1, Dubai. Parking: [Parking details — e.g. on-site spaces / valet / nearby public parking]. Directions and a map pin will be sent with your confirmation.

WHAT ARE YOUR OPENING HOURS?

[Opening hours]. Booking time bands are Morning 8–11am, Midday 11am–2pm, Afternoon 2–5pm and Evening 5–8pm.

WHAT SHOULD I WEAR?

Modality	What to wear
Whole-Body Cryotherapy	We provide gloves, socks, slippers and ear protection. Underwear or a swimsuit under a robe. Skin must be completely dry. Remove jewellery.
Cold Plunge	Swimsuit. Remove jewellery.
Infrared Sauna	Swimsuit or a towel; private room.
Red-Light Bed	As little as you are comfortable with; private room. No make-up, lotion or sunscreen on treated skin. Eye protection provided.
Hyperbaric Oxygen	100% cotton clothing we provide. No metal, electronics, oils or hair products in the chamber.
Float & Sensory Reset	Most people float without clothing in a private room; a swimsuit is fine. Earplugs provided. Avoid shaving or waxing on the day.
Dry Float Bed	Fully clothed, comfortable clothes.
Compression Recovery	Comfortable clothing; leggings or loose trousers are ideal.
Salt Cabin	Comfortable clothing. Covers for shoes are provided.
Guided Breathwork	Loose, comfortable clothing.
IV Nutrient Therapy	Short or loose sleeves. Eat a light meal beforehand.

CAN I COMBINE MODALITIES?

Yes. Many guests pair two or three in one visit. Classic pairings are the cold plunge with the infrared sauna for contrast, compression after the sauna or cryotherapy, and the salt cabin before a float or breathwork. On a Single Reset you can add a second modality on the day. Your Host will set the order and the rest time between them.

HOW OFTEN SHOULD I COME?

It depends on what you want to feel. Many guests settle into a rhythm of two or three visits a week, which is why the Restore membership includes eight sessions a month. Your Host will suggest a rhythm after your first visit and adjust it as you go. Members on Elevate also get a quarterly guided protocol review.

Health and suitability

CAN I COME IF I AM PREGNANT?

Please tell us when you book. Several modalities are not suitable during pregnancy, including whole-body cryotherapy, cold plunge, infrared sauna, hyperbaric oxygen and IV therapy [Clinical Lead to confirm list]. Gentler options such as guided breathwork or compression may be possible with your doctor's written approval. Your Host will always check with you first.

IS THERE A MINIMUM AGE?

Guests must be 18 or over for most modalities [age policy to be confirmed by Clinical Lead]. Guests aged [16–17] may be able to book selected modalities with a parent or guardian present and signed consent. IV therapy is for adults only.

I HAVE A HEALTH CONDITION OR TAKE MEDICATION. CAN I BOOK?

Very likely, but please tell us when you book and complete the health screening form honestly. Some conditions, such as heart conditions, uncontrolled high blood pressure, epilepsy, recent surgery or certain medications, mean a modality is not right for you, or that we need your doctor's approval first. We would always rather ask than guess.

IS CRYOTHERAPY SAFE?

Our Elevé E-CRYO PRO is an electric chamber that reaches –110 °C with no nitrogen. It has touchscreen guidance and thermal-vision safety monitoring, and a Host is with you for the full three minutes.

TELL ME ABOUT IV THERAPY. WHO GIVES IT?

IV nutrient therapy is administered by licensed clinical staff, subject to DHA requirements [DHA licence / approval reference]. Before your first drip, a clinician reviews your health history and may ask questions or decline if a formula is not right for you. Formulas are designed for energy, immunity, skin and glow, recovery and post-flight. Sessions take 45–60 minutes. IV therapy is priced separately and is not included in memberships; members receive a standing discount.

IS THE STUDIO LICENSED BY THE DHA?

Our clinical services, including IV therapy, operate under DHA requirements [DHA licence / approval reference]. Our wellness modalities operate under our Dubai trade licence [Trade License No.].

Equipment

WHOSE EQUIPMENT DO YOU USE?

Every machine is Elevé Health. The Aura is Elevé Health's first partner clinic in the UAE. Elevé installs, calibrates and services every unit on their clinical service schedule, trains every Host, and supports us with technical help and protocol updates.
