Guest Complaints & Feedback Handling Procedure

Document No. AUR-SAF-05 · Version 0.2 (Draft) · Owner: General Manager · Effective: [Date]

1. Purpose

A host walks with the guest from arrival to the last exhale. That includes the moments when something has not felt right. This procedure explains how The Aura Reset Center listens to feedback, resolves complaints quickly and fairly, and learns from them.

It applies to every Host, Healer, Duty Manager and the General Manager at the Jumeirah 1 studio, from the founding member launch in November 2026 onward.

2. Principles

- **Listen first.** A complaint is a guest telling us what they need. Thank them for it.
- **Calm and warm.** Lower your voice, slow your breath, and stay present. Never argue or defend.
- **Own it.** The person who hears the complaint owns it until it is resolved or handed over by name.
- **Fair and consistent.** Similar issues get similar outcomes, within the authority levels below.
- **Confidential.** Complaint details are shared only with those who need them (see AUR-SAF-03).
- **Safety first.** Any complaint about injury, an adverse reaction or a device fault is also an incident and follows AUR-SAF-04.
- **Learn.** Every complaint is logged and reviewed for its root cause.

3. Feedback channels

Channel	Who monitors	Notes
In person, with your Host or at reception	Host / Duty Manager	Most common; resolve on the spot where possible
Post-visit email survey	General Manager	Sent [___ hours] after each visit
Email [Email]	General Manager	
Phone [Phone] and WhatsApp [WhatsApp]	Reception / Duty Manager	WhatsApp is also a booking channel; reply within the same targets
Ad-campaign comments and messages (Meta / Instagram / Google)	General Manager / Marketing & Community	Many new guests arrive from ads; answer quickly and move details to a private channel
Instagram [Instagram] and online reviews	General Manager	Reply publicly with care; move details to a private channel
Feedback card in the lounge	Duty Manager	Collected daily

Channel	Who monitors	Notes
Elevate quarterly protocol review	Host	Ask for feedback as part of the review
Healer follow-up on a personalised package	Healer	Ask how the programme is feeling and adjust

4. Response times

Stage	Target
In-person concern	Address immediately
Acknowledge written complaint (email, WhatsApp, social, review)	Within [24 hours]
Resolve standard complaint	Within [3] working days
Resolve complex complaint (health concern, safety, billing dispute)	Within [10] working days, with an update every [3] working days
Public review response	Within [48 hours]

5. Service recovery: the LEARN steps

Step	What the Host does	Example words
L — Listen	Give full attention. Let the guest finish. Take notes if needed. Move somewhere private and calm.	"Please, tell me what happened."
E — Empathise	Acknowledge how they feel, without blame or excuses.	"I can see that wasn't the experience you came for. I'm sorry."
A — Apologise and Act	Apologise sincerely. Agree what you will do, within your authority.	"Let me sort this for you now."
R — Resolve	Fix it now if you can, or give a clear time and name for the next step. Check the guest is happy with the outcome.	"I've rebooked you for Thursday at 5pm. Does that work for you?"
N — Notify	Log the complaint and tell the Duty Manager. Follow up with the guest if promised.	

Never promise what you cannot deliver. Never discuss another guest. If the guest is upset or unwell, care for them first; the complaint can wait.

6. Authority levels for goodwill gestures

Level	Who	May offer (examples)	Limit
1	Host	Sincere apology; complimentary refreshment (herbal tea or infused water); extend or repeat part of a session if schedule allows; rebook at no penalty	Up to AED [___] value
2	Duty Manager / Senior Host	Complimentary single session (Single Reset); a guest pass; waive a late-cancellation fee	Up to AED [___] value
3	General Manager	Credit to account; partial or full refund of a visit; membership extension or pause; complimentary Sound Healing or Guided Breathwork session	Up to AED [___] value
4	Founder & CEO or CEO	Anything above Level 3; any matter with legal, health or media risk	No set limit

All gestures are recorded in the complaint log. A goodwill gesture is not an admission of liability. Refunds always follow the Refund, Rescheduling & Service Recovery Policy (AUR-CLI-03).

7. Escalation

1. **Host** resolves within Level 1.
2. If the guest is not satisfied, or it is beyond Level 1, the **Duty Manager** takes over, ideally on the same visit.
3. If unresolved, or for any complaint about billing disputes, staff conduct, discrimination or a repeat issue, the **General Manager** handles it personally.
4. **Health-related complaints** (a medical concern arising from any modality, including hyperbaric oxygen) go to the General Manager, who consults the **[Medical Director named on the licence]**. Where DHA rules require, the guest is informed of their right to complain to DHA. No medical treatments are offered at launch; if clinical services are added later, a Clinical Lead would handle clinical complaints.
5. Complaints with legal, safety, media or reputational risk go to the **Founder & CEO and CEO** within [24 hours].
6. Device-related complaints are shared with **Elevé Health** for technical review.

If a guest is still unhappy after the General Manager's final response, they may contact [Consumer protection authority, e.g. Dubai Economy and Tourism consumer protection] or DHA for health-related matters where DHA rules apply.

8. Root-cause review

- The General Manager reviews the complaint log every [month] and shares themes at the team meeting.
- For each serious or repeated complaint, ask "why" until the real cause is found: booking system, training, device, cleaning, communication, or scheduling.
- Actions are assigned with an owner and date, and checked at the next review.
- A quarterly summary goes to the Founder & CEO and CEO: number of complaints, categories, response times, gestures given, and improvements made.
- Compliments are logged too, and shared with the Host named.

9. Common complaint categories

Use these in the log so trends are easy to see:

- Booking and scheduling (online or WhatsApp booking, confirmation, calendar invite, lead response time)
- Waiting time or rushed session
- Host experience
- Healer consultation or personalised package
- Modality or device (comfort, temperature, fault, modality unavailable because the single unit is out of service)
- Sound Healing or Guided Breathwork session
- Cleanliness and amenities (robes, Aura-branded towels, clothing and slippers)
- Refreshments and retail (copper mugs, organic fragrances, wellness pillows, linen merchandise)
- Membership, payment and billing (Restore, Elevate, founding member, pause or cancel; Apple Pay, card or cash)
- Facilities (changing rooms, showers, noise, parking)
- Privacy or data
- Other

10. Complaint log template

Ref. / date	Guest name and contact	Channel and category	Summary of complaint	Action taken and gesture (AED)	Handled by / closed date
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____
_____	_____	_____	_____	_____	_____

COMPLAINT DETAIL RECORD (FOR COMPLAINTS ESCALATED TO LEVEL 3 OR 4)

Field	Details
Complaint ref.	_____
Date received / acknowledged	_____
Guest name, membership type	_____
Modality / Host involved	_____
Guest's account	_____
Staff account	_____
Linked incident report (AUR-SAF-04)?	☐ Yes — ref. _____ ☐ No
Outcome agreed with guest	_____
Goodwill gesture and approver	AED [___] — approved by _____
Root cause	_____
Preventive action, owner, due date	_____
Guest satisfied with outcome?	☐ Yes ☐ No ☐ No response
Closed	☐ Yes — date _____

Name	Signature	Date
Handled by _____	_____	_____
General Manager _____	_____	_____
