Health Questionnaire

Document No. AUR-FRM-02 · Version 0.2 (Draft) · Owner: General Manager · Effective: [Date]

Our modalities are wellness services designed to support how you feel and function. They are not a substitute for medical care. Your honest answers help your Healer and Host choose modalities that are right for you today, and help us flag anything that warrants a conversation with your doctor.

> If you answer yes to any question, a Host will discuss it with you privately. Some modalities may require clearance from your doctor before you begin. A yes does not mean you cannot visit; it means we will tailor your reset.
