Onboarding Checklist & Training Plan

Document No. AUR-HR-05 · Version 0.2 (Draft) · Owner: Lead Host / Operations Lead · Effective: [Date]

This plan takes every new team member from offer acceptance to confident, signed-off practice in 90 days. The rule is simple: **no one operates an Elevé unit, or hosts a guest alone, until the training matrix shows sign-off for that modality.** Training records are kept in the employee file and reviewed at the probation review (AUR-HR-06).
