Staffing, Shifts & Escalation SOP

Document No. AUR-SOP-10 · Version 0.1 (Draft) · Owner: General Manager · Effective: [Date]

1. Purpose and scope

This SOP explains how The Aura Reset Center is staffed each day, who is in charge on each shift, how we keep the floor covered, how we schedule our single units and Healers, and who to call when something needs a decision. It applies to all Hosts and Healers.

Working hours, rest breaks and overtime follow UAE Federal Decree-Law No. 33 of 2021 on labour relations, the Employee Handbook and the Staff Rota & Attendance template (AUR-HR-08).

2. Shift model

The studio is open **7 days a week, 9:00am to 9:00pm**. There are **2 Hosts on each shift** and two shifts each day.

Shift	Proposed times [confirm]	On duty	Overlap
Opening	8:15am – 3:30pm (doors open 9:00am)	2 Hosts (1 senior Host)	—
Closing	2:30pm – 9:45pm (last guest out by 9:00pm)	2 Hosts (1 senior Host)	2:30pm – 3:30pm, 4 Hosts on site
Healer(s)	[Hours to confirm]	[__] Healer(s)	Scheduled around first-visit consultations
General Manager	[Hours to confirm]	Sahill Chandan	Usually covers the busiest part of the day

> The proposed times above are longer than an 8-hour working day for some shifts. The General Manager confirms final shift lengths, breaks and days off so the rota complies with UAE labour law before the rota is published.

- The rota is published [2 weeks] ahead and approved by the General Manager (AUR-GOV-02).
- Shift swaps are agreed in writing (WhatsApp is fine) and approved by the General Manager.
- Hosts arrive in uniform, ready to start, at the shift start time (Dress Code, AUR-POL-03).

3. Roles on shift

Role	Responsibilities on shift
Senior Host (one per shift)	In charge of the floor; signs opening, handover and closing checklists (AUR-SOP-01); owns the WhatsApp and lead inbox (AUR-SOP-03); decides on day-to-day guest issues; first point of escalation; closing senior Host does the end-of-day cash close (AUR-SOP-08)
Host	Greets and guides guests; runs sessions on units they are

Role	Responsibilities on shift
	trained on; refreshments, laundry and retail; covers the inbox when the senior Host is with a guest
Healer	First-visit consultations and package design (AUR-SOP-04); check-ins and reviews; may lead Guided Breathwork and Sound Healing sessions [to confirm]
General Manager	Runs day-to-day operations; approves rota, refunds, discounts and out-of-service decisions; checks the daily close; first escalation above the senior Host

Cleaning is done by Hosts, supported by [in-house attendant / outsourced cleaner — to be decided] (AUR-SAF-02).

4. Keeping the floor covered

With 2 Hosts per shift, cover needs planning.

- **At least one Host is on the floor at all times** while guests are in the studio. The front desk is never left empty while a guest is in a session without another Host in sight of the treatment area.
- **Cold plunge sessions are always Host-guided**, so the Host guiding the plunge cannot cover the desk. Schedule plunges when the second Host is free.
- **Breaks:** each Host takes their break [length per UAE labour law and contract — confirm] at a time agreed at the shift huddle, when no session needs two Hosts. The senior Host plans breaks in quieter booking gaps. Breaks are taken one Host at a time, never both.
- If a Host must leave the floor (illness, emergency), the other Host calls the General Manager to arrange cover. Do not start new sessions that need two people until cover arrives.
- During the overlap (2:30pm – 3:30pm), the closing Hosts take over the floor while the opening Hosts complete laundry, restocking and handover.

5. Single-unit scheduling

We have **one unit of each machine**. Each unit is a separate resource in [Booking system — to be chosen].

Rule	Detail
One booking per unit at a time	The booking system must block double-booking of a unit. Check the unit timeline at every booking
Reset time	Each session includes cleaning and reset time between guests [__ minutes per unit — per Elevé protocol — pending]
Pre-heat and cool-down	No bookings on the sauna or cryo chamber until warm-up / cool-down is complete at opening
Combinations	When a guest books a combination (for example sauna then

Rule	Detail
	cold plunge), book both units back to back and allow transition time
Host capacity	No more sessions at the same time than the Hosts on shift can safely supervise [maximum __ concurrent sessions per Host — to confirm with Elevé]
Group sessions	Guided Breathwork and Sound Healing groups [up to __ guests]; book the room and the leader together
Last booking	Timed so the session, rest and payment are finished by 9:00pm
Out-of-service unit	Blocked at once; affected guests rebooked (AUR-SOP-09)

6. Healers' availability

- Every first visit needs a Healer consultation ([30–45 min proposed]). Healer consultation slots are published in the booking system and the Hosts book first visits only into those slots.
- The Healer rota is published with the Host rota. Number of Healers: [__].
- If a Healer is unexpectedly unavailable, the senior Host tells the General Manager and contacts first-visit guests to offer: another Healer, a new time, or a short Host-led welcome and first session today with the Healer consultation booked for the next visit [General Manager to approve this option].

7. Escalation chain

Use this chain for guest issues, complaints, equipment faults, staffing problems and incidents. In an emergency, **call emergency services first**, then escalate.

Level	Who	When to escalate	Contact
1	Senior Host on shift	Any issue a Host cannot resolve straight away	On site
2	General Manager — Sahill Chandan	Moderate or serious incidents, equipment faults, refunds or discounts above the senior Host's limit, complaints, staffing gaps	[Phone]
3	CEOs — Founder & CEO (Eutemia Stockman) and CEO (Gurpreet Singh) [order to be confirmed]	Serious incidents (within 1 hour), media, regulator contact, General Manager not reachable	[CEO contact order to be confirmed] [Phone]
Medical questions	[Medical Director named on the licence]	Questions about whether a protocol is safe on medical grounds, via the General	[Phone]

Level	Who	When to escalate	Contact
		Manager. The Medical Director is not on the floor	
Equipment	Elevé Health technical support	Any fault (AUR-SOP-09)	[Elevé support contact — pending]

- Escalate within [__] minutes for moderate and serious incidents (AUR-GOV-02). If the General Manager does not answer within [10] minutes, call the next level.
- Out of hours (9:45pm – 8:15am): alarm or building issues go to the General Manager, then [CEO contact order to be confirmed], then building management [Phone].
- Record every escalation in the shift notes and, for incidents, on the Incident Report Form (AUR-SAF-04).

8. Emergency numbers

Service	Number
Ambulance	**998**
Police	**999**
Civil Defence (fire)	**997**
General Manager	[Phone]
[Medical Director named on the licence]	[Phone]
Elevé Health technical support	[Elevé support contact — pending]
Building management / landlord	[Phone]

Address to give: 332 Jumeirah First, Jumeirah Beach Road, Jumeirah 1, Dubai. Nearest landmark: [Landmark].

Display this table at the front desk and in the staff room.

9. Shift huddle

A 5-minute huddle at the start of each shift (8:50am and 2:30pm) led by the senior Host:

1. Today's guests: first visits, members, special notes.
2. Units out of service or due for maintenance.
3. Healer consultation times.
4. Who covers which units, the inbox and breaks.
5. Any message from the General Manager.

10. Sickness and absence

- A Host who cannot work tells the General Manager by phone at least [__ hours] before the shift (AUR-HR-08 and the Employee Handbook).
- The General Manager arranges cover. If no cover is found, the General Manager decides which bookings can safely go ahead with one Host, and the senior Host contacts other guests to rebook.
- The studio never opens with fewer than [2] trained people on site.
