FOR IMMEDIATE RELEASE [or EMBARGOED UNTIL [Date]]

The Aura Reset Center opens in Dubai as Elevé Health's first UAE partner clinic

A recovery studio for the modern nervous system opens at 332 Jumeirah First in November 2026

DUBAI, UAE — [Date] — The Aura Reset Center, a nervous-system-regulation studio that began in Santa Ana, California, will open its Dubai flagship in November 2026 at 332 Jumeirah First, Jumeirah Beach Road, Jumeirah 1. The studio is Elevé Health's first partner clinic in the UAE, with every machine supplied, installed, calibrated and serviced by Elevé.

Built around three pillars, Reset, Heal and Elevate, The Aura brings ten modalities together in one space: whole-body cryotherapy, red-light bed, infrared sauna, hyperbaric oxygen, dry float bed, salt cabin, cold plunge, compression recovery, guided breathwork and sound healing. Every first visit begins with a consultation with one of The Aura's Healers, who identify the core issue and design a personalised package to regulate the nervous system and support energy healing.

Every visit begins with the same question: what state did you arrive in? Guests are welcomed by a Host, not a receptionist, who knows each modality and walks with them from arrival to the last exhale. Each visit opens with a short breathing ritual, in for four, out for six, before the Host suggests a combination of modalities or builds a three-step sequence for first-timers. Guests wear Aura-branded robes, clothing and slippers, are served refreshments, and can take the ritual home with copper mugs, organic fragrances, wellness pillows and linen pieces.

CLINICAL HARDWARE, ONE STANDARD

The studio's equipment includes the Elevé E-CRYO PRO, an electric cryotherapy chamber reaching −110 °C with thermal-vision safety monitoring and no nitrogen, and the Elevé E-Salt Cabin, which combines dry salt air, red light, oxygen and aromatherapy in a single sealed cabin. Elevé Health installs and calibrates each unit to clinical specification, trains every Host, and supports the studio with ongoing technical support and protocol updates.

All services are wellness services; no medical treatments are offered at launch. Hyperbaric oxygen is offered as a non-medical wellness session [confirm licensing requirements for hyperbaric with DHA / licensing authority].

A FOUNDER WHO FELT AT HOME

The Aura's Founder & CEO, Eutemia Stockman, began a wellness journey in 2014 with energy healing and the connection between body, mind and nervous system, later expanding into biohacking, frequency-based wellness, fascia work and advanced technology.

"When I came to Dubai, something immediately felt different. I felt at home," said Eutemia Stockman, Founder & CEO of The Aura Reset Center. "The Aura brings advanced wellness technology and holistic practice together in one beautiful space, where every experience is created with intention. My hope is that everyone who walks through our doors feels cared for, supported, and inspired to become the best version of themselves."

Notes to editors

ABOUT THE AURA RESET CENTER

The Aura Reset Center is a recovery studio for the modern nervous system. Founded in the United States, where it operates by appointment at 1936 East Deere Avenue, Suite 120, Santa Ana, California, The Aura combines clinical-grade wellness technology from Elevé Health with a host-led, Healer-guided, whole-person

approach across ten modalities under three pillars: Reset, Heal and Elevate. Its Dubai flagship opens in Jumeirah 1 in November 2026. The Aura's modalities are wellness services designed to support how people feel and function; they are not a substitute for medical care.

ABOUT ELEVÉ HEALTH

Elevé Health supplies, installs, calibrates and services advanced wellness technology, and trains the teams who use it. Its Longevity Lounge is in Newport Beach, California. The Aura Reset Center is Elevé Health's first partner clinic in the UAE. [Elevé Health to supply or approve boilerplate.]
