Supplier and Vendor Register

Document No. AUR-FIN-08 · Version 0.2 (Draft) · Owner: General Manager · Effective: [Date]

1. Purpose

This register lists every supplier The Aura Reset Center relies on, so that we know who supplies what, on which terms, and when each contract and document needs renewing. The General Manager keeps it current and reviews it [quarterly]. New suppliers are added only after the selection steps in section 4 and the purchasing procedure (AUR-FIN-10).

2. Supplier register

Ref	Category	Supplier / contact	Scope and key terms	Documents held	Review / renewal

Prepared by	_____	_____	_____
Approved by	_____	_____	_____

4. Selection criteria

1. **Legal and compliance:** valid UAE trade licence; TRN where VAT-registered; relevant approvals (Dubai Municipality for chemicals and hygiene, DHA or MOHAP for any clinical products if clinical services are added in future, Dubai Civil Defence for fire-related works).
2. **Quality and safety:** products suitable for a clinical-grade wellness environment; compatible with Elevé equipment and Elevé's cleaning guidance; safety data sheets supplied.
3. **Reliability:** stock availability in Dubai, delivery lead time, back-up supply for critical items (branded linen and amenities, laundry supplies, cleaning chemicals, refreshments).
4. **Total cost:** price, delivery, minimum orders, payment terms and price-review clauses, not unit price alone.

5. **Data protection:** for IT, booking and payment suppliers, a data processing agreement in line with the PDPL and PCI compliance for card data.
6. **Guest experience and brand:** quality guests can feel (linen weight, scent, materials) and sustainability where possible.
7. **Conflicts of interest:** anyone with a personal link to a supplier declares it and does not take part in selection.
8. **Performance review:** each supplier is rated [annually] on quality, timeliness, responsiveness and compliance; poor ratings trigger a review.
