Pricing and Costing Worksheet

Document No. AUR-FIN-12 · Version 0.2 (Draft) · Owner: CEO · Effective: [Date]

> Note: website prices are not final. This worksheet contains structure only. No figures are entered until costs are confirmed; every price is AED [___]. Final prices are approved by the CEO and Founder & CEO.

1. Purpose

To set prices for each modality, the Healer consultation, memberships, add-ons and retail from real costs and a target margin, so that every price we publish is sustainable, fair and consistent with the calm, premium experience guests expect.

2. Inputs to confirm first

Input	Source	Value
Opening hours per week	9:00am–9:00pm, 7 days	84
Working days per month	Rota	[___]
Host fully loaded cost per hour (salary, visa, housing, insurance, end-of-service); 2 Hosts per shift	HR / payroll	AED [___]
Healer cost per hour	HR / payroll	AED [___]
Breathwork & Sound Healing Facilitator cost per hour	HR / payroll	AED [___]
Refreshments and branded amenities cost per guest visit (towels, clothing, slippers, laundry)	Supplier quotes	AED [___]
Card and Apple Pay processing fee	Payment provider	[___]%
Paid advertising cost per acquired guest	Marketing	AED [___]
Monthly rent and service charge, 332 Jumeirah First	Tenancy contract	AED [___]
Monthly fixed overhead (rent, software, insurance, marketing, admin)	Budget	AED [___]
Elevé equipment cost per unit (one unit of each machine) and expected life	Elevé agreement	AED [___] / [___] years
Elevé service and calibration cost per unit per year	Elevé agreement	AED [___]
Utilities per unit-hour (electricity, water)	Meter readings / estimate	AED [___]
Expected sessions per unit per month	Utilisation forecast	[___]
Target gross margin	CEO	[___]%

Input	Source	Value
VAT	Law	5% (once registered)

3. Per-modality costing table

Costs are per session, excluding VAT.

Modality (duration)	Host / practitioner time incl. turnaround	Consumables	Utilities	Equipment per session	Overhead allocation
Whole-Body Cryotherapy (3 min)	[___] min · AED [___]	Socks, gloves, sanitiser · AED [___]	AED [___]	AED [___]	AED [___]
Red-Light Bed (20 min)	[___] min · AED [___]	Eyewear cleaning, linen · AED [___]	AED [___]	AED [___]	AED [___]
Infrared Sauna (40 min)	[___] min · AED [___]	Towels, water · AED [___]	AED [___]	AED [___]	AED [___]
Hyperbaric Oxygen (60 min)	[___] min · AED [___]	Cotton garments, sanitising · AED [___]	AED [___]	AED [___]	AED [___]
Compression Recovery (30 min)	[___] min · AED [___]	Liners, sanitising · AED [___]	AED [___]	AED [___]	AED [___]
Dry Float Bed (30 min)	[___] min · AED [___]	Linen · AED [___]	AED [___]	AED [___]	AED [___]
Salt Cabin (30 min)	[___] min · AED [___]	Salt, aromatherapy, shoe covers · AED [___]	AED [___]	AED [___]	AED [___]
Cold Plunge (2–5 min)	[___] min · AED [___]	Water treatment, towels · AED [___]	AED [___]	AED [___]	AED [___]
Guided Breathwork (45 min, 1:1 / group)	[___] min · AED [___]	Mats, linen · AED [___]	AED [___]	AED [___]	AED [___]
Sound Healing ([__] min, 1:1 / group)	[___] min facilitator · AED [___]	Mats, linen, instrument care · AED [___]	AED [___]	AED [___]	AED [___]
Healer consultation ([30–45 min proposed])	[___] min Healer · AED [___]	Refreshments · AED [___]	AED [___]	–	AED [___]

PRICE BUILD-UP PER MODALITY

Modality	Total cost per session	Target margin	Price excl. VAT	Proposed price incl. VAT	Market check
Whole-Body Cryotherapy	AED [___]	[___]%	AED [___]	AED [___]	[___]
Red-Light Bed	AED [___]	[___]%	AED [___]	AED [___]	[___]
Infrared Sauna	AED [___]	[___]%	AED [___]	AED [___]	[___]
Hyperbaric Oxygen	AED [___]	[___]%	AED [___]	AED [___]	[___]
Compression Recovery	AED [___]	[___]%	AED [___]	AED [___]	[___]
Dry Float Bed	AED [___]	[___]%	AED [___]	AED [___]	[___]
Salt Cabin	AED [___]	[___]%	AED [___]	AED [___]	[___]
Cold Plunge	AED [___]	[___]%	AED [___]	AED [___]	[___]
Guided Breathwork	AED [___]	[___]%	AED [___]	AED [___]	[___]
Sound Healing	AED [___]	[___]%	AED [___]	AED [___]	[___]
Healer consultation [included in first visit — to confirm]	AED [___]	[___]%	AED [___]	AED [___]	[___]

Method:

1. Host time = (session length + set-up and turnaround) × Host cost per minute. Include the breathing ritual, walkthrough and Healer consultation for first visits, plus per-visit amenities and refreshments.
2. Equipment per session = (unit cost ÷ expected life in months + monthly Elevé service cost) ÷ expected sessions per month.
3. Overhead allocation = monthly fixed overhead ÷ total expected sessions across all modalities (or weighted by room time).
4. Price excl. VAT = total cost ÷ (1 – target margin).
5. Round to a clean, calm number. Check against the Dubai market and the experience delivered.

4. Pairings and add-ons

Pairing / add-on	Combined cost	Pairing price	Logic
Cold plunge + infrared sauna (contrast)	AED [___]	AED [___]	Shared turnaround saves Host time
Compression after sauna or	AED [___]	AED [___]	

Pairing / add-on	Combined cost	Pairing price	Logic
cryotherapy			
Salt cabin before dry float bed, breathwork or sound healing	AED [___]	AED [___]	
Second modality on the day (Single Reset)	AED [___]	AED [___]	
Host-built 3-step reset	AED [___]	AED [___]	
Healer personalised package / programme	AED [___]	AED [___]	Designed in the first-visit consultation
Retail (copper mugs, organic fragrances, wellness pillows, linen merchandise)	AED [___]	AED [___]	Landed cost plus retail margin [___]%

5. Membership pricing logic

Membership	Inclusions (from website)	Cost driver	Price
Single Reset	One visit, one modality, guided first-visit walkthrough	Single-session cost plus first-visit time	AED [___]
Restore (monthly)	8 sessions of any core modality; priority booking; 1 guest pass; 10% off add-ons and retail [confirm]	8 × weighted average session cost + guest pass cost + discount cost	AED [___] / month
Elevate (monthly, unlimited)	Unlimited core sessions; quarterly protocol review; 2 guest passes; 15% off add-ons and retail [confirm]; first access to opening-week slots	Expected average usage × weighted cost + review time + 2 guest passes + discount cost	AED [___] / month
Founding member	Launch price locked 12 months; 2 guest passes a month for first 3 months	Price lock cost over 12 months; guest-pass cost over 3 months	AED [___] (locked)

Logic:

1. **Weighted average session cost** = sum of (cost of each core modality × expected share of member bookings). Add-ons (for example, hyperbaric oxygen and 1:1 sessions [confirm]) are excluded from core modalities and priced separately. IV therapy is not offered at launch.
2. **Restore** should cost a member noticeably less per session than eight Single Resets, while still above the weighted cost plus margin. Effective per-session price = AED [___].

3. **Elevate** is priced on expected usage of [___] sessions a month, with a break-even usage of [___] sessions. Monitor heavy users monthly; capacity is protected through booking windows, not price.
4. **Guest passes** are costed at full session cost and treated as marketing spend, tracked against conversion (AUR-MKT-07).
5. **US use:** members using the Santa Ana location are charged no extra; an internal transfer rate of AED [___] per visit applies [to be agreed].
6. **Pauses** pause billing; no sessions accrue.

6. Discount guardrails

Rule	Limit
Member discount on add-ons and retail [confirm]	Restore 10%, Elevate 15%; no further discount stacked
Maximum discount any Host can give	[___]% or one complimentary add-on, logged
Maximum discount General Manager can approve	[___]%
Above General Manager limit	CEO approval
Corporate partner rates	Not below [___]% gross margin; agreement signed by CEO
Referral and loyalty rewards	Experiences, not cash; total programme cost ≤ [___]% of monthly revenue
Founding-member price	Locked 12 months; not combinable with other promotions
Promotions	No more than [___] promotions running at once; never below total cost per session
Hyperbaric oxygen	Never offered free; discounts only within the member rate, subject to the health screen
Payment method	Same price for Apple Pay, card and cash; Tabby terms to be costed when introduced
Logging	Every discount recorded in the booking system with a reason code

7. Review

Prices are reviewed [quarterly] in the first year using actual utilisation, consumables usage and Elevé service costs, and annually after that. Founding-member locked prices are honoured regardless of review.
