CLIENT STARTER PACK

Welcome to Yontro. Let's make your social media bring you customers.

Everything you need for your first 90 days with us: who we are, how we work, your package, our policies, and how to earn a discount by sharing us with a friend.

A NOTE FROM OUR FOUNDER

We plan, shoot, edit and post. You get customers.

Thank you for choosing Yontro.

Your customers decide before they ever call you. They check your Instagram before they check your prices, and if what they find is quiet, inconsistent or dated, they move on to the competitor who looks alive. Marketing is the first sales conversation, and it happens without you in the room.

That is why we don't shoot random videos. Every client gets a plan: month one builds a consistent flow, month two finds the story that grows your followers and traffic, and month three scales what the numbers prove. Every video has a job before it is shot, and every month we report what our work brought in: enquiries and bookings, not just likes.

We hold ourselves to a simple promise: you get every video your package includes, on the dates we agree. If we ever miss one, we make it up the following month or credit it to your next invoice. We think that's how an agency should earn its place in your business.

This pack explains how the next 90 days will work, what we need from you, and the policies that protect both of us. Read it once, keep it handy, and message us any time.

Welcome aboard. We're glad to be working with you.

HOW WE WORK

One visit. One strategy. One shoot day. Then we post.

01 The visit

Our strategist comes to your business and runs our Get Viral Blueprint questionnaire: what you sell, who buys it, and why they choose you over the place next door.

02 The strategy

From the blueprint we write your three-month plan: storylines, hooks, formats and a posting schedule built for results, not just activity.

03 The shoot day

Our creative director shoots the month's videos in a single day at your premises. One day of your time, a month of finished content.

04 The posting

Your account manager posts on schedule, replies to comments, forwards every enquiry to you and sends the monthly report.

Your first 90 days

MONTH 1 · FOUNDATION

- Online-presence audit and fixes
- Website live or redesigned; branding aligned
- Content plan and posting schedule set
- Seven days of daily posting, then a weekly rhythm

MONTH 2 · STORYLINE

- Story direction chosen from month-one data
- Emotional, educational, trend-led or premium brand films
- Followers and traffic climb
- Paid campaign designed (Scale)

MONTH 3 · SCALE

- Double down on what the numbers prove
- Paid traffic live and optimised
- Enquiries and sales tracked
- Plan for months 4 to 6 agreed

The seven-day rule

Habits are built in seven days. In your first week we post every single day, so your audience and the algorithm both learn you are here. Then we keep the rhythm for you, so it never depends on a busy Tuesday.

OUR POLICIES

The short version of our contract.

These policies summarise the Yontro service agreement you signed. If anything here differs from the signed agreement, the agreement applies.

01 **Commitment**
Our packages are a 3-month minimum commitment. A 1- or 2-month term is available only where agreed in your signed agreement. After the term it continues month to month until either side gives 30 days' written notice.

02 **Fees and invoicing**
Fees are monthly in AED: Launch 5,000, Growth 7,500, Scale 10,000. Add-ons are quoted and agreed in writing before work starts.

03 **Payment in advance**
The first month is paid on signing and work starts once it is received. Each following month is invoiced 7 days ahead and paid before it starts. Work may pause while a payment is overdue.

04 **Payment methods and refunds**
Cash, card or cheque (payable to Yontro - F.Z.E). Fees paid are non-refundable; any video we miss is delivered the next month or credited to your next invoice.

05 **Ad spend**
Budgets for paid campaigns are paid by you directly to the ad platforms and are not part of Yontro's fee.

06 **What you provide**
Materials, account access and one point of contact within seven days of signing, and people available for scheduled shoots.

07 **Approvals and changes**
You see every video before it goes live, and nothing is posted without your approval. Please approve or comment within 48 hours. Two rounds of changes are included per video.

08 **Shoot cancellations**
Shoots cancelled with less than 24 hours' notice may be counted as delivered.

09 **Who owns the content**
On payment, you own the final videos, designs and website for your business use. Yontro keeps its methods, templates and raw footage, and may show the work in its portfolio unless you object in writing.

10 **Results**
We commit to the strategy, quality and quantity of work agreed. Views, followers and sales depend on factors outside our control, so they are targets, not guarantees.

11 **Your accounts**
Your social media accounts and website remain yours. When the agreement ends, we hand back any access we hold.

12 **Confidentiality**
Each side keeps the other's business information confidential during and after the agreement.

13 **Shoots outside Dubai**
Our team shoots across Dubai. Shoots in Sharjah, Ajman and Abu Dhabi are quoted for travel per shoot.

14 **Law**
The agreement is governed by the laws of the UAE, with disputes heard by the competent UAE courts. Changes must be in writing and signed by both sides.
